- Townview Business Magnet

### YEAR IN ACAP:

- 2015

### COLLEGE ATTENDING AND MAJOR:

- University of North Texas; Accounting

**ACAP REFLECTIONS** (How involvement in ACAP helped you transition to new levels, college, etc.)

*"ACAP was a huge impact in my transitioning from high school to college. Being able to wake up early and staying productive was a habit I do to this day. I learned to wake up early to be more productive during the day in order to accomplish more. Furthermore, working in group projects was something that I've been doing a lot in college. Learning how to work with others and everyone putting forth the same effort led for my group projects to be successful. Being in ACAP has been life-changing for me. I'm glad to have had the opportunity to be in the program".*

### ACCOMPLISHMENTS TO DATE:

As a first year college student, I was able to enroll in the University of North Texas. Furthermore, I was heavily involved in various organizations and making impacts. For example: Student Investment Group, LULAC, ALFHA, Green Brigade, UNT Pep Band, G Force, and a proud brother of Delta Sigma Pi (professional business fraternity) plus Omega Delta Phi (a Service/Social fraternity) where I hold a leadership position. With hard work in my first semester, I was able to obtain a 3.8 GPA and make it onto the Dean's List. I was accepted and have the opportunity to be able to attend LeaderShape, a great source for leadership skills. Lastly, I was able to get certified in Financial Intelligence, growing my business knowledge and grow as an individual to soon start my own company.

### OTHER COMMENTS (if applicable):

Thank you again for everything! I was able to grow from ACAP and always keep striving for success.
